STREAM DENTAL CLINIC

SMILE & EXPLORE

The Premium Guide to World-Class Dental Tourism in Nigeria

EXCELLENCE IN DENTAL CARE & HOSPITALITY

A New Era of Dental Tourism

Welcome to Stream Dental Clinic, where exceptional oral healthcare intersects with high-end clinical hospitality. We proudly open our doors to international patients and regional travelers looking for premium dental treatments at a fraction of global costs.

At Stream Dental Clinic, we understand that traveling for medical or dental care requires absolute trust, meticulous planning, and uncompromised quality. Based in Port Harcourt, Nigeria, our practice operates at elite global standards, leveraging state-of-the-art diagnostics and highly skilled specialists to deliver beautiful, enduring smiles.

Our tailored dental tourism package ensures that your journey is completely stress-free. From the moment you book your initial virtual consultation to your recovery and final sight-seeing excursion, our dedicated concierge team manages every detail of your itinerary.

Why Dental Tourism?

Millions worldwide travel annually for dental care to bypass exorbitant local pricing and extensive waitlists. Stream Dental Clinic brings you world-class cosmetic, implant, and restorative dentistry coupled with personalized local hospitality.

Elite Dental Procedures

We provide a comprehensive range of advanced dental treatments utilizing modern digital workflows and pristine clinical infrastructure. Your personalized treatment plan is engineered for efficiency and outstanding long-term success.

DENTAL IMPLANTS

Same-day implants, guided dental implant surgery, and premium implant-supported bridges to restore seamless functionality and aesthetic perfection.

ADVANCED ORTHODONTICS

Invisalign clear aligners and discreet invisible braces for seamless alignment tailored to adult professionals and travelers.

COSMETIC DENTISTRY

Professional teeth whitening, customized porcelain or zirconia veneers, dental crowns, and tooth reshaping designed to deliver your dream smile.

DIGITAL DIAGNOSTICS

Equipped with Cone-Beam CT (CBCT), 3D intraoral scanning via iTero, and full 2D/3D cephalometric and panoramic X-ray imaging capabilities.

Every procedure is backed by our in-house premium dental lab, utilizing CAD/CAM design and top-grade Zirconia and PMMA materials to ensure custom-molded perfection with prompt turnaround times for overseas visitors.

The Stream Concierge Experience

We don't just treat teeth; we curate an exquisite travel and healing experience. Our dental tourism workflow is designed around your ultimate comfort and peace of mind.

Step 1: Virtual Consultation & Digital Plan
Share your recent panoramic X-rays or digital scans before traveling. Our dental specialists review your case via a tele-health consultation to outline your exact treatment steps, timeline, and all-inclusive pricing.

Step 2: Custom Travel & Accommodation Itinerary
Our concierge desk coordinates seamless airport transfers, assists with luxury boutique hotel bookings, and structures your appointment schedule to maximize your relaxation and local leisure time.

Step 3: Elite Clinical Care & Tourism
Experience premium, pain-free treatments in our modern, serene clinic. Between short healing periods, explore the rich cultural landscapes, premium dining, and historical beauty of the region with trusted private guides.
